Community Contribution Project

Sompo Japan asks our customers to choose web-based policies or terms and conditions when they purchase automobile insurance, and to use recycled parts for vehicle accident repairs. The cost savings are used to fund Community Contribution Project that aim to conserve the environment inside and outside Japan and achieve a sustainable society while inspiring future leaders.

Japan NPO Center

Shin-Otemachi bldg #245,
2-2-1 Otemachi Chiyoda-ku,
Tokyo 100-0004
